The hearing will address the Delaware second Particulate Matter Limited Maintenance Plan under the 2006 24-hour Fine Particulate Matter (PM2.5) National Ambient Air Quality Standard (NAAQS).

In December of 2009, the EPA designated the Philadelphia-Wilmington Area as nonattainment for the 2006 24-hour (PM2.5) NAAQS.

In September 2014, the EPA redesignated the area as attainment.

Redesignated areas are required to submit two ten-year maintenance plans to ensure continued attainment with the NAAQS.

This proposed second 10-year Particulate Matter Limited Maintenance Plan ensures that Delaware will continue to maintain the NAAQS through 2035.

The proposed SIP may be inspected online starting Jan. 1, 2024 in the [Delaware Register of Regulations](https://regulations.delaware.gov/services/current_issue.shtml) ([https://regulations.delaware.gov/services/current\\_issue.shtml](https://regulations.delaware.gov/services/current_issue.shtml)), or in-person, by appointment only, by contacting Kelsey Pangman by phone at 302-323-4542 or by email at [Kelsey.Pangman@delaware.gov](mailto:Kelsey.Pangman@delaware.gov).

The Department will accept public comment through Feb. 7, 2024. Comments will be accepted in written form via email to [DNRECHearingComments@delaware.gov](mailto:DNRECHearingComments@delaware.gov), using the online form at [de.gov/dnrecomments](https://de.gov/dnrecomments) (<https://de.gov/dnrecomments>), or by U.S. mail to the address on this page.
