Comments on Docket #2025-P-CCE-0004 -- Goodwill Coastal Zone Permit

Name: Chaney Hall

Phone: 302-622-4276

Email Address: chall@foxrothschild.com

Organization: Goodwill of Delaware and Delaware County

Comments:

I am the Chair of the Board of Directors of Goodwill of Delaware and Delaware County. I offer this comment in support of Goodwill's permit application. Goodwill's mission is to empower members of the community by connecting them to job training and employment opportunities. To raise the funds necessary for this mission, Goodwill accepts donations from the community and sells items in its retail stores, via ecommerce, and its outlet stores. Some of the items donated to Goodwill are not salable. Thus, Goodwill must determine what to do with these items. Goodwill takes serious its responsibility to be a steward of donated items. It has a longstanding commitment to sustainability and diverting materials from the landfill. Its glass pulverizer will return unsalable glass products to their original material: glass. This glass can be used for a variety of purposes. Most importantly, the glass will remain out of a landfill. The requested permit will support Goodwill's ongoing commitment to sustainability and will strengthen our community by reducing waste otherwise destined for a landfill.
